Digital Twins 2023: an integrated approach for a better world

Leaders in the worlds digital twin sector are coming together from Australia, the United Kingdom, Canada and around the world to engage and collaborate by sharing their thought leadership on the digital twin revolution.

Please consider sponsoring in a digital bridge virtual event over three continents: designing and building scalable, interoperable, and reusable digital twins for sustainable cities and resilient infrastructure. The inaugural 2023 event promises to be the definitive global thought leadership event. The conference includes the presentation of papers on our theme.

The event is free and supported through sponsorship. Everyone can claim a free ticket to the event ensuring the largest possible audience.

Conference Committee:

Arthur Berrill, Royal Bank of Canada	Stuart Barr, AURIN
Tony Wheeler, Geospatial Council of Australia	Pascal Perez, AURIN
Carey Mende-Gibson, Royal Bank of Canada	Graeme Kernich, Frontier SI
Kate Williams, AURIN	Jonathan Murphy, GoGeomatics Canada
Ehsan Amjadian, Royal Bank of Canada	

Sponsorship Participation Packages:

Participation Level	Sponsorship in USD
Platinum Sponsorship	Contact for details
Gold Sponsorship	\$20,000
Silver Sponsorship	\$10,000
Bronze	\$5,000

There's over 12 hours of live streaming learning and engagement opportunities your organization can utilise to engage the global digital twin sector with your knowledge and expertise. Currently, the conference will be broadcast starting March 22nd and moving through the time zones best suited for a European audience ending March 24 in Australia. The conference is hosted in plenary session for the entirety of the event with breaks at regular intervals allowing for sponsors to input video and messaging to the participants.
